

SAVIC® CUSTOMER RELATIONS MANAGEMENT

# SAVIC® CRM Flash

Get our SAVIC® CRM single user version preinstalled on a USB flash drive. Take it where ever you go!

SAVIC® CRM  
Flash Technology

Run our CRM software from any Windows computer that has a USB socket.

Our preinstalled application uses only 42MB of space which leaves you plenty of room to store over five million customer records as well as thousands of customer documents on a single 8GB flash drive.

# **SAVIC<sup>®</sup> CRM**

## **SAVIC<sup>®</sup> CRM Flash Technology is simple to use and super fast**

If you're a sales person that just wants a quick and fast easy to use solution SAVIC<sup>®</sup> CRM Flash Technology is the right product for you!

SAVIC<sup>®</sup> CRM Flash is a full running version of our SAVIC<sup>®</sup> CRM software which includes a full word processor preloaded on a USB thumb drive for the sales person on the go. Generally this product is best suited for a single sales person that has a Windows laptop or tablet and that person is on the road where internet access is generally an issue. They are moving around but want full access to all information about all customers and potential customers including all documents for these customers.

They want a simple to use interface and they don't want to be stuck with a remote access solutions that only work sometimes. They require access to information where every they are especially when they are out in the field meeting customers.

## **Don't Get Buried In Paperwork Get SAVIC<sup>®</sup> CRM**

### **Just ClicknGo**

Just plug in the flash drive and click on the SAVIC<sup>®</sup> CRM EXE file and log into the software. Add or make changes to customers and track issues, set appointments and create documents or attach documents like PDF files to customers etc. Its all done on the flash drive nothing to install. When you get back to the office simply put the USB flash drive into your desktop computer and use it in that computer.

Having it all on a thumb drive lets you move it freely from machine to machine with all your customer information and documents intact.
